Examples of custom manufacture include:

- Planter boxes and bowls with non-standard specifications or design features. (e.g. curved-wall planters, triangular planters)
- Water-features
- Street furniture (seating, bollards, etc.)

At Quatro Design we have our own mould-making staff, and we have a large production facility with the capacity to manufacture items from small to very large.

If you require something unique please contact us here at Quatro Design to discuss how we can work together on your next project.
